DEDICATION

Robert Horner

We, the Senior Class of 1965, dedicate this Harvester to Mr. Robert Horner.

Mr. Horner's interest in his students and his eagerness to help them have given him the respect he so much deserves.

A native of Lenawee County and a graduate of Morenci High School, he received his B.S. at Adrian College and his M.S. from the University of Toledo. He has taught natural science at Sand Creek High School for six years. Mr. Horner, active in community work, also helps at the Youth Home at Adrian, Michigan.

ADMINISTRATION

BOARD OF EDUCATION

We wish to express our sincere appreciation to the Board of Education for their deep interest in the student body. They are the vital link between community and school. This year the Board has improved our educational facilities by adding a new wing to our High School. This with many improvements is greatly appreciated by the entire student body.

TO THE GRADUATES OF 1965

Working with you has been a most rewarding experience and the Sand Creek Class of 1965 is certainly one of which we are all proud. We sincerely hope that the receipt of your high school diploma will not terminate your education. Whether you are bound for college, a business school, technical school, adult education classes, or study independently, your education should continue throughout your life.

We have watched your growth and progress with great interest and we are impressed. Please contact us if we can ever be of service in the future. Best wishes to each of you in all of your endeavors.

Robert A. Jackson,
Superintendent

It has been said that "the largest room in the world is the room for self-improvement."

The graduating class of 1965 has attained a degree of self-improvement which I hope will be but the beginning of a long life filled with knowledge and happiness. If each of you will do your best to attain the goals you have set for yourself, you will be a credit to yourself, your community, your state and your country.

Congratulations to the graduating class of 1965.
